PRAYER FOR FORGIVENESS

Father, in Jesus' name I acknowledge I have sinned against You by not forgiving those who have offended me. I repent of this and I ask for Your forgiveness. Would You please shine Your light on any place in my heart or in my life where I may have unforgiveness toward another, myself or You. Please show me if there are any seeds or roots of bitterness that I may be holding onto in my life. Lord, I repent and I ask You to forgive me for any bitterness, resentment or offenses I have been holding against _____.

I forgive each person I have named for any way they may have hurt me, judged me or sinned against me. I release them to You now, and I ask You to forgive them and bless them.

Lord Jesus, please forgive me for any agreements I may have made with the lies of the enemy that have been spoken over me. I break those agreements now in the authority of Jesus' mighty name and I ask You to cleanse me and heal me with Your Blood from the effects of all unforgiveness in my life that I have confessed to You.

Thank you Lord for forgiving me and cleansing me. In Jesus Name, Amen.
